

AMBULANCE SERVICE

ANNOUNCEMENT

We are discontinuing our ambulance service effective **SUNDAY, MARCH 1st, 1970, 6:00 P. M.**

Our principal function is funeral service. You think of us in this capacity. We do not feel that it is proper for us to be present at a time of illness, accident or impending death.

We have rendered this service until such time as it became possible to remove ourselves from ambulance operation.

The **CALDWELL and NOBLE COUNTY AREA AMBULANCE SERVICE** has been organized to perform this necessary function. They have assured us that you will get the same prompt service, qualified personnel and modern equipment.

Since the need for ambulance service will be met, we will now devote our entire efforts and energies to funeral service.

This action on our part is not new to our profession. To the contrary, it is in keeping with the action taken by other progressive funeral directors throughout the country.
